COURSE DESCRIPTION
This lab is the companion to Dr. Hyman’s EC 205 class. Lab will meet once a week and we will discuss economics topics that are consistent with the materials introduced during Dr. Hyman’s lectures. Enrollment in an EC205 lab section is mandatory.

GRADING
Your final lab grade counts as 25% of your EC 205 grade. This lab grade will consist of problem set and quiz scores, and the attendance. Problem sets and quizzes will be given online using Moodle. There are in total 25 points as follows:

<table>
<thead>
<tr>
<th></th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>6 Problem sets*</td>
<td>10</td>
</tr>
<tr>
<td>4 Quizzes</td>
<td>10</td>
</tr>
<tr>
<td>Attendance</td>
<td>5</td>
</tr>
</tbody>
</table>

*I will drop the lowest problem set score.

Attendance is required and a sign-in sheet will be passed around each class. Students will not be penalized for documented excusable absences according to the NCSU Attendance Policy. Students will also be allowed one unexcused absence; each unexcused absence beyond the one allowed will subtract 1/3 point from the total lab grade. Makeups of quizzes will be allowed only in the event of appropriately documented excusable absence. No late problem sets will be accepted.

Disruptive behavior can also result in points off your overall grade. Please arrive on time and do not leave before class has ended. Put away laptops and cell phones, and do not hold conversations during class.

ACADEMIC INTEGRITY
I will assume you are aware of the NC State Policy on academic integrity. Unless I explicitly state otherwise, all work submitted in the course is to be your own work. If you are unaware of the academic integrity policy, you should consult the University’s policy statement at http://studentconduct.ncsu.edu/academic-integrity-an-overview
